Dear Chief Thistle:

Insurance Services Office (ISO) has submitted a recommendation concerning your community's Public Protection Classification (PPC). Currently, the Community's Public Protection Classification is a Class **6**.

Insurance Services Office is recommending the Public Protection Classification for the OPA be changed to a Class 1, with an effective date of 6/1/2021. The recommendation is based on a review of your community performed on 8/12/2020 and **does not** include application of the Texas Exception to the Fire Suppression Rating Schedule.

Public Protection Classifications range from 1 (best) to 10 (worst).

We have reviewed the information provided and believe it is enough to grant approval. The Insurance Services Office will be notified of our approval of their recommendation and the effective date.

If you have any questions regarding this change, I may be reached at the address indicated above or by email to PPCOversight@tdi.texas.gov.

Please make sure all community officials and residents within your district are notified of the new Public Protection Classification rating for your community, and the effective date.

Sincerely,

A handwritten signature in black ink that reads "Joel Duke".

Joel Duke
PPC Oversight Officer
PPCOversight@tdi.texas.gov

Certificate of Recognition

Awarded to

Channelview Fire Department ESD No.50

for implementing and executing a series of meaningful fire protection activities and achieving the highest level of protection available as an ISO Class 1 Community.
