Hurricane Preparedness Guidelines: IF YOU ARE UNDER A HURRICANE WARNING, FIND SAFE SHELTER RIGHT AWAY.

- **When a hurricane is 36 hours from arriving:** Turn on your TV or radio in order to get the latest weather updates and emergency instructions. -- Restock your emergency preparedness kit. Include food and water sufficient for at least three days, medications, a flashlight, batteries, cash, and first aid supplies.
<https://www.ready.gov/build-a-kit>
 - **When a hurricane is 18-36 hours from arriving:** Bookmark your city or county website for quick access to storm updates and emergency instructions. -- Bring loose, lightweight objects inside that could become projectiles in high winds (e.g., patio furniture, garbage cans); anchor objects that would be unsafe to bring inside (e.g., propane tanks); and trim or remove trees close enough to fall on the building.
 - **When a hurricane is 6-18 hours from arriving:** Turn on your TV/radio, or check your city/county website every 30 minutes in order to get the latest weather updates and emergency instructions. -- Charge your cell phone now so you will have a full battery in case you lose power.
 - **When a hurricane is 6 hours from arriving:** If you're not in an area that is recommended for evacuation, plan to stay at home or where you are and let friends and family know where you are. -- Close storm shutters, and stay away from windows. Flying glass from broken windows could injure you. -- Turn your refrigerator or freezer to the coldest setting and open only when necessary. If you lose power, food will last longer. Keep a thermometer in the refrigerator to be able to check the food temperature when the power is restored.
 - **Survive DURING:** If told to evacuate, do so immediately. Do not drive around barricades. -- If sheltering during high winds, go to a FEMA safe room, ICC 500 storm shelter, or a small, interior, windowless room or hallway on the lowest floor that is not subject to flooding. -- If trapped in a building by flooding, go to the highest level of the building. Do not climb into a closed attic. You may become trapped by rising flood water.
 - **Be Safe AFTER:** Listen to authorities for information and special instructions. -- Do not touch electrical equipment if it is wet or if you are standing in water. If it is safe to do so, turn off electricity at the main breaker or fuse box to prevent electric shock. -- Avoid wading in flood water, which can contain dangerous debris. Underground or downed power lines can also electrically charge the water.

DEFINITIONS

CCF 1 CCF = 100 cubic feet of gas. This is how we measure your monthly usage.

Customer charge and base amount. Covers fixed costs for reading meters, issuing bills, maintaining facilities and gas lines, postage, etc. These costs occur even if you do not use gas during a billing period.

Gas Cost Adjustment (GCA) is the cost CenterPoint Energy pays for the gas it delivers to its customers.

Storage inventory charge allows the Company the opportunity to recover the regulated carrying cost of its investment in storage.

Reimbursement of local franchise fee is a fee paid to the city for the company's use of right-of-way in streets and alleys.

Reimbursement of state gross receipts tax is a tax imposed by the State of Texas on each utility company located in an incorporated city having a population of more than 1,000.

For a more detailed description of each of the terms used on your bill, please visit CenterPointEnergy.com/definitions or call Customer Support at 713-659-2111.

Your account, managed your way

Sign up at CenterPointEnergy.com/myaccount

- 24/7 online account access. View and/or pay your bill, view usage history, sign up for account services and much more.
- Go paperless. Receive an email when your bill is ready to view and pay. Get convenience, get rid of clutter.

- Pay automatically. Set up AutoPay by signing and returning the form below with your check payment. It's that easy!
- Even out the highs and lows of your monthly bills. Enroll in Average Monthly Billing and spread your natural gas costs throughout the year.
- Get bill reminders. Choose text or email, up to five days before your bill is due.

- Other services. Report a payment made at a payment location, set up a payment extension and much more. View options from your online account or visit CenterPointEnergy.com/selfservice if you'd prefer not to register.
- Moving? Please call us at 713-659-2111 at least two weeks before you move, or complete the forms at CenterPointEnergy.com/selfservice

Mail payments to CenterPoint Energy, PO Box 4981, Houston, TX 77210-4981

Has your AutoPay bank account changed?

To update your bank account information, please sign and date this form and return it with this month's payment, using one of your new checks. Money orders do not qualify for enrollment or updating. Your next bill will be automatically deducted from the account listed on your check. For more information or to update your banking information electronically, go to CenterPointEnergy.com/autopay.

I authorize CenterPoint Energy to automatically deduct from the checking account shown on my enclosed check all future payments for my CenterPoint Energy bills. I will notify CenterPoint Energy if I decide to cancel my use of AutoPay. CenterPoint Energy also has the right to discontinue my AutoPay enrollment. Once I enroll, I understand that any past due balances will be drafted from my account three days after my application is processed.

A safety message from CenterPoint Energy

If you smell natural gas, leave immediately. Call our Gas Leak Hotline at 800-296-9815. Do not use or store flammable products such as gasoline in the same room or area near the water heater or any other gas appliance.

Si percibes un olor a gas natural, sal inmediatamente. Llama a nuestra línea telefónica para fugas de gas a uno de los números de teléfono que aparecen arriba. No use ni almacene productos inflamables tales como gasolina en la misma habitación o en áreas cercanas a un calentador de agua u otro tipo de aparato a gas.

How to read your meter

The following is an example of how to read a typical meter index.

Look at the four dials with their curved arrows. Read from right to left as follows:

1. Read the "thousand-foot" dial as 7, the last number that the pointer passed. Note that the curved arrow on the dial shows a clockwise movement of the pointer.
2. Read the next dial, the "10-thousand" dial. The curved arrow on the dial above shows a

counterclockwise direction. The pointer is near the 9, but to be sure whether to read it as that number or the lower number 8, the previously mentioned "same or lower number rule" must be applied. Since the pointer in the "thousand-foot" dial to the right is nearer the 8 and the pointer has not reached the 0, the "10-thousand" dial should be read as 8.

3. Read the "100-thousand" dial, it seems to point to 2. Double-check by using the rule above. Since the pointer of the "10-thousand" dial is between 8 and 9, take the lower reading number, 1, for the "100-thousand" dial.

4. Read the left-most dial, the "million-foot" dial. The pointer is near the 6. Using the "same or lower number rule", we find the pointer on the dial to the right is between 1 and 2, so we read the "million-foot" dial exactly as the number it is on or near, 6.

The entire meter reading is 6187.

SERVICE ADDRESS
16229 Market St, Channelview, TX 77530-4473

DEFINITIONS

CCF 1 CCF = 100 cubic feet of gas. This is how we measure your monthly usage.

Customer charge and base amount. Covers fixed costs for reading meters, issuing bills, maintaining facilities and gas lines, postage, etc. These costs occur even if you do not use gas during a billing period.

Gas Cost Adjustment (GCA) is the cost CenterPoint Energy pays for the gas it delivers to its customers.

Storage inventory charge allows the Company the opportunity to recover the regulated carrying cost of its investment in storage.

Reimbursement of local franchise fee is a fee paid to the city for the company's use of right-of-way in streets and alleys.

Reimbursement of state gross receipts tax is a tax imposed by the State of Texas on each utility company located in an incorporated city having a population of more than 1,000.

For a more detailed description of each of the terms used on your bill, please visit CenterPointEnergy.com/definitions or call Customer Support at 713-659-2111.

Current gas charges

Rate: GSS-2095A-U-GRIP 2019

Meter Number Day Billing Period
3851400414994 28

Billing Period	Current Reading	- Previous Reading	= Total	x	Combined pressure factor	Adjusted Usage
10/21/19 - 11/18/19	7693	7443	250		1.31880	330 CCF
Customer charge *						\$ 19.53

The customer charge includes the current GRIP surcharge of \$0.85.

Your account, managed your way

Sign up at CenterPointEnergy.com/myaccount

- 24/7 online account access. View and/or pay your bill, view usage history, sign up for account services and much more.
- Go paperless. Receive an email when your bill is ready to view and pay. Get convenience, get rid of clutter.

- Pay automatically. Set up AutoPay by signing and returning the form below with your check payment. It's that easy!
- Even out the highs and lows of your monthly bills. Enroll in Average Monthly Billing and spread your natural gas costs throughout the year.
- Get bill reminders. Choose text or email, up to five days before your bill is due.

- Other services. Report a payment made at a payment location, set up a payment extension and much more. View options from your online account or visit CenterPointEnergy.com/selfservice if you'd prefer not to register.
- Moving? Please call us at 713-659-2111 at least two weeks before you move, or complete the forms at CenterPointEnergy.com/selfservice

Mail payments to CenterPoint Energy, PO Box 4981, Houston, TX 77210-4981

Has your AutoPay bank account changed?

To update your bank account information, please sign and date this form and return it with this month's payment, using one of your new checks. Money orders do not qualify for enrollment or updating. Your next bill will be automatically deducted from the account listed on your check. For more information or to update your banking information electronically, go to CenterPointEnergy.com/autopay.

I authorize CenterPoint Energy to automatically deduct from the checking account shown on my enclosed check all future payments for my CenterPoint Energy bills. I will notify CenterPoint Energy if I decide to cancel my use of AutoPay. CenterPoint Energy also has the right to discontinue my AutoPay enrollment. Once I enroll, I understand that any past due balances will be drafted from my account three days after my application is processed.

A safety message from CenterPoint Energy

If you smell natural gas, leave immediately. Call our Gas Leak Hotline at 800-296-9815. Do not use or store flammable products such as gasoline in the same room or area near the water heater or any other gas appliance.

Si percibes un olor a gas natural, sal inmediatamente. Llama a nuestra línea telefónica para fugas de gas a uno de los números de teléfono que aparecen arriba. No use ni almacene productos inflamables tales como gasolina en la misma habitación o en áreas cercanas a un calentador de agua u otro tipo de aparato a gas.

How to read your meter

The following is an example of how to read a typical meter index.

Look at the four dials with their curved arrows. Read from right to left as follows:

1. Read the "thousand-foot" dial as 7, the last number that the pointer passed. Note that the curved arrow on the dial shows a clockwise movement of the pointer.
2. Read the next dial, the "10-thousand" dial. The curved arrow on the dial above shows a

counterclockwise direction. The pointer is near the 9, but to be sure whether to read it as that number or the lower number 8, the previously mentioned "same or lower number rule" must be applied. Since the pointer in the "thousand-foot" dial to the right is nearer the 8 and the pointer has not reached the 0, the "10-thousand" dial should be read as 8.

3. Read the "100-thousand" dial, it seems to point to 2. Double-check by using the rule above. Since the pointer of the "10-thousand" dial is between 8 and 9, take the lower reading number, 1, for the "100-thousand" dial.

4. Read the left-most dial, the "million-foot" dial. The pointer is near the 6. Using the "same or lower number rule", we find the pointer on the dial to the right is between 1 and 2, so we read the "million-foot" dial exactly as the number it is on or near, 6.

The entire meter reading is 6187.
