Your current plan is effective through your meter read on or after February 28, 2025.

Remittance Instructions –To improve customer service, Reliant will process payments by account number. Your account number must be included with your payment to ensure that your account is properly credited. Your account number is shown in the box at the top of this invoice. You can provide your account number by sending the attached bill stub with your payment or by printing the account number on your check advice. Please include the account number with all payments.

Electronic Payment Method Option - If you would like to pay electronically by Automated Clearing House (ACH) or wire transfer, you may send your payment using ABA Routing Number 043000261 and Bank Account Number 1192323. Your invoice number must be included with your ACH or wire payment to ensure that your account is properly credited. Your invoice number is shown in the box at the top of this invoice. If you have any questions, please call your assigned Account Representative at 1-877-505-3833.

Overdue Payments –Late payment penalties may be assessed on overdue payments at the rate specified in the Agreement.

* C.A.R.E. - We're proud to offer the Community Assistance by Reliant Energy (C.A.R.E.) program to assist Reliant customers facing financial hardship in paying their electricity bills. This program is possible thanks to Reliant and customer contributions. To help neighbors in need, you can add a donation to your paper bill payment or log in to reliant.com to add a donation to your online bill payment. To learn more, visit reliant.com/aboutcare.

Remittance Instructions --To improve customer service, Reliant will process payments by account number. Your account number must be included with your payment to ensure that your account is properly credited. Your account number is shown in the box at the top of this invoice. You can provide your account number by sending the attached bill stub with your payment or by printing the account number on your check advice. Please include the account number with all payments.

Electronic Payment Method Option - If you would like to pay electronically by Automated Clearing House (ACH) or wire transfer, you may send your payment using ABA Routing Number 043000261 and Bank Account Number 1192323. Your invoice number must be included with your ACH or wire payment to ensure that your account is properly credited. Your invoice number is shown in the box at the top of this invoice. If you have any questions, please call your assigned Account Representative at 1-877-505-3833.

Overdue Payments --Late payment penalties may be assessed on overdue payments at the rate specified in the Agreement.

* C.A.R.E. - We're proud to offer the Community Assistance by Reliant Energy (C.A.R.E.) program to assist Reliant customers facing financial hardship in paying their electricity bills. This program is possible thanks to Reliant and customer contributions. To help neighbors in need, you can add a donation to your paper bill payment or log in to reliant.com to add a donation to your online bill payment. To learn more, visit reliant.com/aboutcare.

Notice to Customers – The practice of adding charges for unrequested products or services is known as "cramming" and is prohibited by law. If you believe that any charge for a product or service appears on your bill has not been authorized by you, call Reliant at 1-877-505-3833 and request an investigation of this charge. If you are dissatisfied with our investigation, you may file a complaint with the Public Utility Commission of Texas (PUCT) at PO Box 13326, Austin, Texas, 78711-3326. PUCT phone number: Local (512) 936-7120, Toll-free in Texas (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136 or toll-free at 1-800-735-2988.

Multiple Bills Notice– You are receiving more than one invoice in a 30-day period for operational reasons. Please remit the total amount shown by the due date indicated on this invoice. If you require additional time to pay, please contact one of our customer care representatives at 1-877-505-3833. We apologize for any inconvenience this may have caused you.

Your current plan is effective through your meter read on or after February 28, 2025.

Remittance Instructions --To improve customer service, Reliant will process payments by account number. Your account number must be included with your payment to ensure that your account is properly credited. Your account number is shown in the box at the top of this invoice. You can provide your account number by sending the attached bill stub with your payment or by printing the account number on your check advice. Please include the account number with all payments.

Electronic Payment Method Option - If you would like to pay electronically by Automated Clearing House (ACH) or wire transfer, you may send your payment using ABA Routing Number 043000261 and Bank Account Number 1192323. Your invoice number must be included with your ACH or wire payment to ensure that your account is properly credited. Your invoice number is shown in the box at the top of this invoice. If you have any questions, please call your assigned Account Representative at 1-877-505-3833.

* C.A.R.E. - We're proud to offer the Community Assistance by Reliant Energy (C.A.R.E.) program to assist Reliant customers facing financial hardship in paying their electricity bills. This program is possible thanks to Reliant and customer contributions. To help neighbors in need, you can add a donation to your paper bill payment or log in to reliant.com to add a donation to your online bill payment. To learn more, visit reliant.com/aboutcare.

Reliant Account: 73 117 800 - 0
--

Customer Name: HARRIS COUNTY EMERGENCY SERVICES DISTRICT
Account Name: HARRIS COUNTY EMERGENCY SERVICES DISTRICT
Invoice Number: 178003364004

Overdue Payments –Late payment penalties may be assessed on overdue payments at the rate specified in the Agreement.

Notice to Customers – The practice of adding charges for unrequested products or services is known as "cramming" and is prohibited by law. If you believe that any charge for a product or service appears on your bill has not been authorized by you, call Reliant at 1-877-505-3833 and request an investigation of this charge. If you are dissatisfied with our investigation, you may file a complaint with the Public Utility Commission of Texas (PUCT) at PO Box 13326, Austin, Texas, 78711-3326. PUCT phone number: Local (512) 936-7120, Toll-free in Texas (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136 or toll-free at 1-800-735-2988.

PUCT Required Notice: Involuntary Load Shedding. If there's a situation where there's not enough electricity supply to meet customer demand (load), the Electric Reliability Council of Texas (ERCOT) may instruct your transmission and distribution utility (TDU) company to implement temporary service interruptions. This is done to help protect the electric grid and is known as **involuntary load shedding**, and it will be conducted based on the TDU's procedures. For more information and to learn how you can help conserve energy, visit reliant.com/loadshed.

Notice - Certain customers may be eligible to apply for the following designations based on their medical status or the nature of the business:

- **Critical Care Residential Customer:** A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as being dependent upon an electric-powered medical device to sustain life.
- **Chronic Condition Residential Customer:** A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as having a serious medical condition that requires an electric-powered medical device or electric heating or cooling to prevent the impairment of a major life function through a significant deterioration or exacerbation of the person's medical condition.
- **Critical Load Public Safety Customer:** A non-residential customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.
- **Critical Load Industrial Customer:** An industrial customer for whom an interruption or suspension of electric service would create a dangerous or life-threatening condition on the retail customer's premises.

You can apply for the applicable designation, which affords certain protections. Please contact Reliant for more information. Critical Care Residential Customer and Chronic Condition Residential Customer designations require an application your physician completes and submits to your transmission and distribution utility (TDU) on your behalf. Critical Load Public Safety Customer and Critical Load Industrial Customer designations require you to complete an application with your TDU.

Hurricane Preparedness Guidelines:

IF YOU ARE UNDER A HURRICANE WARNING, FIND SAFE SHELTER RIGHT AWAY

When a hurricane is 36 hours from arriving:

- Turn on your TV or radio in order to get the latest weather updates and emergency instructions.
- Restock your emergency preparedness kit. Include food and water sufficient for at least three days, medications, a flashlight, batteries, cash, and first aid supplies. <https://www.ready.gov/build-a-kit>

When a hurricane is 18-36 hours from arriving

- Bookmark your city or county website for quick access to storm updates and emergency instructions.
- Bring loose, lightweight objects inside that could become projectiles in high winds (e.g., patio furniture, garbage cans); anchor objects that would be unsafe to bring inside (e.g., propane tanks); and trim or remove trees close enough to fall on the building.

When a hurricane is 6-18 hours from arriving

- Turn on your TV/radio, or check your city/county website every 30 minutes in order to get the latest weather updates and emergency instructions.
- Charge your cell phone now so you will have a full battery in case you lose power.

When a hurricane is 6 hours from arriving

- If you're not in an area that is recommended for evacuation, plan to stay at home or where you are and let friends and family know where you are.
- Close storm shutters, and stay away from windows. Flying glass from broken windows could injure you.
- Turn your refrigerator or freezer to the coldest setting and open only when necessary. If you lose power, food will last longer. Keep a thermometer in the refrigerator to be able to check the food temperature when the power is restored.

Survive DURING

- If told to evacuate, do so immediately. Do not drive around barricades.
- If sheltering during high winds, go to a FEMA safe room, ICC 500 storm shelter, or a small, interior, windowless room or hallway on the lowest floor that is not subject to flooding.
- If trapped in a building by flooding, go to the highest level of the building. Do not climb into a closed attic. You may become trapped by rising flood water.

Be safe AFTER

- Listen to authorities for information and special instructions.
- Do not touch electrical equipment if it is wet or if you are standing in water. If it safe to do so, turn off electricity at the main breaker or fuse box to prevent electric shock.
- Avoid wading in flood water, which can contain dangerous debris. Underground or downed power lines can also electrically charge the water.

Remittance Instructions –To improve customer service, Reliant will process payments by account number. Your account number must be included with your payment to ensure that your account is properly credited. Your account number is shown in the box at the top of this invoice. You can provide your account number by sending the attached bill stub with your payment or by printing the account number on your check advice. Please include the account number with all payments.

Electronic Payment Method Option - If you would like to pay electronically by Automated Clearing House (ACH) or wire transfer, you may send your payment using ABA Routing Number 043000261 and Bank Account Number 1192323. Your invoice number must be included with your ACH or wire payment to ensure that your account is properly credited. Your invoice number is shown in the box at the top of this invoice. If you have any questions, please call your assigned Account Representative at 1-877-505-3833.

Overdue Payments –Late payment penalties may be assessed on overdue payments at the rate specified in the Agreement.

* C.A.R.E. - We're proud to offer the Community Assistance by Reliant Energy (C.A.R.E.) program to assist Reliant customers facing financial hardship in paying their electricity bills. This program is possible thanks to Reliant and customer contributions. To help neighbors in need, you can add a donation to your paper bill payment or log in to reliant.com to add a donation to your online bill payment. To learn more, visit reliant.com/aboutcare.

Notice to Customers -- The practice of adding charges for unrequested products or services is known as "cramming" and is prohibited by law. If you believe that any charge for a product or service appears on your bill has not been authorized by you, call Reliant at 1-877-505-3833 and request an investigation of this charge. If you are dissatisfied with our investigation, you may file a complaint with the Public Utility Commission of Texas (PUCT) at PO Box 13326, Austin, Texas, 78711-3326. PUCT phone number: Local (512) 936-7120, Toll-free in Texas (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136 or toll-free at 1-800-735-2988.

Hurricane Preparedness Guidelines:

IF YOU ARE UNDER A HURRICANE WARNING, FIND SAFE SHELTER RIGHT AWAY

When a hurricane is 36 hours from arriving:

- Turn on your TV or radio in order to get the latest weather updates and emergency instructions.
- Restock your emergency preparedness kit. Include food and water sufficient for at least three days, medications, a flashlight, batteries, cash, and first aid supplies. <https://www.ready.gov/build-a-kit>

When a hurricane is 18-36 hours from arriving

- Bookmark your city or county website for quick access to storm updates and emergency instructions.
- Bring loose, lightweight objects inside that could become projectiles in high winds (e.g., patio furniture, garbage cans); anchor objects that would be unsafe to bring inside (e.g., propane tanks); and trim or remove trees close enough to fall on the building.

When a hurricane is 6-18 hours from arriving

- Turn on your TV/radio, or check your city/county website every 30 minutes in order to get the latest weather updates and emergency instructions.
- Charge your cell phone now so you will have a full battery in case you lose power.

When a hurricane is 6 hours from arriving

- If you're not in an area that is recommended for evacuation, plan to stay at home or where you are and let friends and family know where you are.
- Close storm shutters, and stay away from windows. Flying glass from broken windows could injure you.
- Turn your refrigerator or freezer to the coldest setting and open only when necessary. If you lose power, food will last longer. Keep a thermometer in the refrigerator to be able to check the food temperature when the power is restored.

Survive DURING

- If told to evacuate, do so immediately. Do not drive around barricades.
- If sheltering during high winds, go to a FEMA safe room, ICC 500 storm shelter, or a small, interior, windowless room or hallway on the lowest floor that is not subject to flooding.
- If trapped in a building by flooding, go to the highest level of the building. Do not climb into a closed attic. You may become trapped by rising flood water.

Be safe AFTER

- Listen to authorities for information and special instructions.
- Do not touch electrical equipment if it is wet or if you are standing in water. If it safe to do so, turn off electricity at the main breaker or fuse box to prevent electric shock.
- Avoid wading in flood water, which can contain dangerous debris. Underground or downed power lines can also electrically charge the water.

Notice to Customers -- The practice of adding charges for unrequested products or services is known as "cramming" and is prohibited by law. If you believe that any charge for a product or service appears on your bill has not been authorized by you, call Reliant at 1-877-505-3833 and request an investigation of this charge. If you are dissatisfied with our investigation, you may file a complaint with the Public Utility Commission of Texas (PUCT) at PO Box 13326, Austin, Texas, 78711-3326. PUCT phone number: Local (512) 936-7120, Toll-free in Texas (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136 or toll-free at 1-800-735-2988.

Hurricane Preparedness Guidelines:

IF YOU ARE UNDER A HURRICANE WARNING, FIND SAFE SHELTER RIGHT AWAY

When a hurricane is 36 hours from arriving:

- Turn on your TV or radio in order to get the latest weather updates and emergency instructions.
- Restock your emergency preparedness kit. Include food and water sufficient for at least three days, medications, a flashlight, batteries, cash, and first aid supplies. <https://www.ready.gov/build-a-kit>

When a hurricane is 18-36 hours from arriving

- Bookmark your city or county website for quick access to storm updates and emergency instructions.
- Bring loose, lightweight objects inside that could become projectiles in high winds (e.g., patio furniture, garbage cans); anchor objects that would be unsafe to bring inside (e.g., propane tanks); and trim or remove trees close enough to fall on the building.

When a hurricane is 6-18 hours from arriving

- Turn on your TV/radio, or check your city/county website every 30 minutes in order to get the latest weather updates and emergency instructions.
- Charge your cell phone now so you will have a full battery in case you lose power.

When a hurricane is 6 hours from arriving

- If you're not in an area that is recommended for evacuation, plan to stay at home or where you are and let friends and family know where you are.
- Close storm shutters, and stay away from windows. Flying glass from broken windows could injure you.
- Turn your refrigerator or freezer to the coldest setting and open only when necessary. If you lose power, food will last longer. Keep a thermometer in the refrigerator to be able to check the food temperature when the power is restored.

Survive DURING

- If told to evacuate, do so immediately. Do not drive around barricades.
- If sheltering during high winds, go to a FEMA safe room, ICC 500 storm shelter, or a small, interior, windowless room or hallway on the lowest floor that is not subject to flooding.
- If trapped in a building by flooding, go to the highest level of the building. Do not climb into a closed attic. You may become trapped by rising flood water.

Be safe AFTER

- Listen to authorities for information and special instructions.
- Do not touch electrical equipment if it is wet or if you are standing in water. If it safe to do so, turn off electricity at the main breaker or fuse box to prevent electric shock.
- Avoid wading in flood water, which can contain dangerous debris. Underground or downed power lines can also electrically charge the water.

Hurricane Preparedness: Hurricane Season is June 1 - Nov. 30

Preparedness Checklist:

- **Make an Evacuation Plan.** Find activated evacuation routes here: DriveTexas.org or by dialing (800) 452-9292. Call 2-1-1 to find out if you live in an evacuation zone.
- **Sign-Up for Emergency Alerts.** Make sure your device is enabled to receive Wireless Emergency Alerts (WEAs).
- **Prepare an Emergency Supply Kit.** Learn how to build an emergency kit here: <https://www.ready.gov/build-a-kit>
- **Review Your Home Insurance Policy.**
- **Register with State of Texas Emergency Assistance Registry (STEAR):** <https://STEAR.tdem.texas.gov/> or by dialing 2-1-1 if you live in evacuation zone and:
 - have a disability or medical needs and do not have a car or other vehicle to use in an evacuation.
 - have a disability or medical needs and do not have friends or family to help in an evacuation. **STEAR Registry information collected is confidential**

Hurricane Preparedness Online Resources:

Texas Division of Emergency Management Website: www.tdem.texas.govTexas Department of State Health Services: www.texasready.govAmerican Red Cross: www.redcross.orgU.S. Department of Homeland Security: www.ready.govOffice of the Texas Governor Greg Abbott: www.gov.texas.gov

PUCT Required Notice: Involuntary Load Shedding. If there's a situation where there's not enough electricity supply to meet customer demand (load), the Electric Reliability Council of Texas (ERCOT) may instruct your transmission and distribution utility (TDU) company to implement temporary service interruptions. This is done to help protect the electric grid and is known as **involuntary load shedding**, and it will be conducted based on the TDU's procedures. For more information and to learn how you can help conserve energy, visit reliant.com/loadshed.

Notice - Certain customers may be eligible to apply for the following designations based on their medical status or the nature of the business:

- **Critical Care Residential Customer:** A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as being dependent upon an electric-powered medical device to sustain life.
- **Chronic Condition Residential Customer:** A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as having a serious medical condition that requires an electric-powered medical device or electric heating or cooling to prevent the impairment of a major life function through a significant deterioration or exacerbation of the person's medical condition.
- **Critical Load Public Safety Customer:** A non-residential customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.
- **Critical Load Industrial Customer:** An industrial customer for whom an interruption or suspension of electric service would create a dangerous or life-threatening condition on the retail customer's premises.

You can apply for the applicable designation, which affords certain protections. Please contact Reliant for more information. Critical Care Residential Customer and Chronic Condition Residential Customer designations require an application your physician completes and submits to your transmission and distribution utility (TDU) on your behalf. Critical Load Public Safety Customer and Critical Load Industrial Customer designations require you to complete an application with your TDU.

PUCT Required Notice: Involuntary Load Shedding. If there's a situation where there's not enough electricity supply to meet customer demand (load), the Electric Reliability Council of Texas (ERCOT) may instruct your transmission and distribution utility (TDU) company to implement temporary service interruptions. This is done to help protect the electric grid and is known as **involuntary load shedding**, and it will be conducted based on the TDU's procedures. For more information and to learn how you can help conserve energy, visit reliant.com/loadshed.

Notice - Certain customers may be eligible to apply for the following designations based on their medical status or the nature of the business:

- **Critical Care Residential Customer:** A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as being dependent upon an electric-powered medical device to sustain life.
- **Chronic Condition Residential Customer:** A residential customer who has a person permanently residing in his or her home who has been diagnosed by a physician as having a serious medical condition that requires an electric-powered medical device or electric heating or cooling to prevent the impairment of a major life function through a significant deterioration or exacerbation of the person's medical condition.
- **Critical Load Public Safety Customer:** A non-residential customer for whom electric service is considered crucial for the protection or maintenance of public safety, including but not limited to hospitals, police stations, fire stations, and critical water and wastewater facilities.
- **Critical Load Industrial Customer:** An industrial customer for whom an interruption or suspension of electric service would create a dangerous or life-threatening condition on the retail customer's premises.

You can apply for the applicable designation, which affords certain protections. Please contact Reliant for more information. Critical Care Residential Customer and Chronic Condition Residential Customer designations require an application your physician completes and submits to your transmission and distribution utility (TDU) on your behalf. Critical Load Public Safety Customer and Critical Load Industrial Customer designations require you to complete an application with your TDU.

Your current plan is effective through your meter read on or after February 28, 2025.

Remittance Instructions --To improve customer service, Reliant will process payments by account number. Your account number must be included with your payment to ensure that your account is properly credited. Your account number is shown in the box at the top of this invoice. You can provide your account number by sending the attached bill stub with your payment or by printing the account number on your check advice. Please include the account number with all payments.

Electronic Payment Method Option - If you would like to pay electronically by Automated Clearing House (ACH) or wire transfer, you may send your payment using ABA Routing Number 043000261 and Bank Account Number 1192323. Your invoice number must be included with your ACH or wire payment to ensure that your account is properly credited. Your invoice number is shown in the box at the top of this invoice. If you have any questions, please call your assigned Account Representative at 1-877-505-3833.

Overdue Payments --Late payment penalties may be assessed on overdue payments at the rate specified in the Agreement.

* C.A.R.E. - We're proud to offer the Community Assistance by Reliant Energy (C.A.R.E.) program to assist Reliant customers facing financial hardship in paying their electricity bills. This program is possible thanks to Reliant and customer contributions. To help neighbors in need, you can add a donation to your paper bill payment or log in to reliant.com to add a donation to your online bill payment. To learn more, visit reliant.com/aboutcare.

Notice to Customers -- The practice of adding charges for unrequested products or services is known as "cramming" and is prohibited by law. If you believe that any charge for a product or service appears on your bill has not been authorized by you, call Reliant at 1-877-505-3833 and request an investigation of this charge. If you are dissatisfied with our investigation, you may file a complaint with the Public Utility Commission of Texas (PUCT) at PO Box 13326, Austin, Texas, 78711-3326. PUCT phone number: Local (512) 936-7120, Toll-free in Texas (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136 or toll-free at 1-800-735-2988.

Hurricane Preparedness Guidelines:

IF YOU ARE UNDER A HURRICANE WARNING, FIND SAFE SHELTER RIGHT AWAY

When a hurricane is 36 hours from arriving:

- Turn on your TV or radio in order to get the latest weather updates and emergency instructions.
- Restock your emergency preparedness kit. Include food and water sufficient for at least three days, medications, a flashlight, batteries, cash, and first aid supplies. <https://www.ready.gov/build-a-kit>

When a hurricane is 18-36 hours from arriving

- Bookmark your city or county website for quick access to storm updates and emergency instructions.
- Bring loose, lightweight objects inside that could become projectiles in high winds (e.g., patio furniture, garbage cans); anchor objects that would be unsafe to bring inside (e.g., propane tanks); and trim or remove trees close enough to fall on the building.

When a hurricane is 6-18 hours from arriving

- Turn on your TV/radio, or check your city/county website every 30 minutes in order to get the latest weather updates and emergency instructions.
- Charge your cell phone now so you will have a full battery in case you lose power.

When a hurricane is 6 hours from arriving

- If you're not in an area that is recommended for evacuation, plan to stay at home or where you are and let friends and family know where you are.
- Close storm shutters, and stay away from windows. Flying glass from broken windows could injure you.
- Turn your refrigerator or freezer to the coldest setting and open only when necessary. If you lose power, food will last longer. Keep a thermometer in the refrigerator to be able to check the food temperature when the power is restored.

Survive DURING

- If told to evacuate, do so immediately. Do not drive around barricades.
- If sheltering during high winds, go to a FEMA safe room, ICC 500 storm shelter, or a small, interior, windowless room or hallway on the lowest floor that is not subject to flooding.
- If trapped in a building by flooding, go to the highest level of the building. Do not climb into a closed attic. You may become trapped by rising flood water.

Be safe AFTER

- Listen to authorities for information and special instructions.
- Do not touch electrical equipment if it is wet or if you are standing in water. If it safe to do so, turn off electricity at the main breaker or fuse box to prevent electric shock.
- Avoid wading in flood water, which can contain dangerous debris. Underground or downed power lines can also electrically charge the water.
